

## **The Turning**

Lying has always been with us but has now reached epidemic proportions having no limits. I'm shocked when I occasionally hear the truth from those who more often lie. The fact is, that liars are accepted more quickly than those who tell the truth, because they lie so well.

There are Liars in the pulpits of the church, liars in politics, liars in medicine, everywhere you turn you can't get a straight and honest answer, it becomes more than frustrating as we find ourselves yelling out loud at the TV or radio 'you're lying.'

The question is how can all this be turned around?

As believers we are to see the way things are in reality and not how we hope they will be one day. The news is coming at us at 100 mph. 24/7 and it is rarely good, and it seems every newsletter gets worse with the information to share.

Our constitution in America was based on Judeo Christian principles that avoid having both a religious and secular state. America's politics was built upon the unique principle of 'we the people.' There is a saying 'power to the people.' And we now find the power is to the people, the wrong people! To certain individuals in government that rule over others, this is not what was meant by WE THE PEOPLE! They are elected to serve us, not we serve them.

Abraham Lincoln said in tumultuous times *"We the people are the rightful masters of both Congress and the courts, not to overthrow the Constitution but to overthrow the men who pervert the Constitution."*

A taste of irony for our day...A long forgotten statement in our history

Some people's whole life revolves around politics, it is not only unhealthy but has made many disturbed and unhinged. They continue to call the violators that loot, burn kill as peaceful protestors. People who work for a living are being harmed and in some instances terrorized and there is far less protection for them as the police are being diminished.

The forward movement to control food production, education, healthcare, media, banking, religion, travel, energy, local law enforcement and most importantly free speech are ALL on the table.

So many that have common sense do not see the big whole picture. They continue to argue as if the party that is in power exercising control has an alive conscience. They ask why don't they... adding a rationale point. They (the other party) knows what they did and this is why they are preparing; doing everything they can as we fast approach a mass reaction to their actions. There is no guesswork, there is going to be a reaction, hopefully not an over – reaction.

The Palestinian's peace plan is eliminating Israel from the face of the earth. What does the left (communists) want, to eliminate our freedoms. Not much difference there! We live in perilous times, sorry to say it's not going to get better.

The enemy is not coming over the borders but have been within our borders. Radicals (Marxists, anarchists, communists and socialists) have risen together and want America gone, make no mistake of their goal. This country, every country is their target.

They claim they want justice! Justice will come with Jesus and he will have perfect judgment in his justice, and believe me they won't like it. They chant No justice, no peace. Actually it's no Jesus, no peace.

### **CRACKDOWN ON the Bible, not drugs**

[IRS Denies Texas-Based Christian Group Tax Exempt Status, Claims 'Bible's Teachings Affiliated with GOP'](#)

No, only some of the GOP is affiliated with GOD, and there are others. What this implies is that the 'other party' does not believe in the Bible. If you can remember back to the 2012 DNC platform they refused to have God mentioned.

Civil war is not a topic anyone likes to discuss. I have been saying for some time now that we are in a soft civil war in America. This has to do with light and darkness, it is spiritual. The social media platforms have escalated it by silencing important information. We are now entering a new stage that will harden their position.

A decade ago, Curtis Bowers made the documentary "Agenda: Grinding America Down" detailing a communist agenda to corrupt American institutions—from education to Hollywood to media—and subvert America and its values from within. The main strategy was to divide and conquer—to turn Americans against each other.

This has been going on since communism came to our country but has escalated with the new Marxists revolutionaries.

Communist promoter Karl Marx said that "*The first battlefield is the rewriting of history.*" Cultural Marxism is far more aggressive than its Marxist roots. That is what we are seeing with the tearing down of statues AND implementing their strategies of revisioning history across the nation. Communist Anarchists using social engineering everywhere they can implement it.

Big tech companies work in concert to De platform descending voices. Do you wonder why the leaders are not upset that things are failing? There's a plan.

The march of Communism is being achieved by the [left-wing](#) that call themselves Democrats to overthrow [capitalism](#), replacing it with [technocrats](#) who are using social media to create *a system for their society* of atheistic elite humanists (which is an oxymoron). When they turn a blind eye to human rights violations you know who they really are.

As the Biden regime has committed itself in revamping our government, Cuba's people shouted in [anti-communist protests](#) la libertad en Cuba.

Both Biden/ Pelosi and party are committed to letting those come to our southern border in the country claiming “humanitarian” reasons. But Cubans, who flee a repressive Marxist state, are not welcome? This is  $2+2 = 5$  of Marxism.

The obfuscation gets more obvious when the State Department claims that the protests were about rising COVID cases and medicine shortages, not against communist oppression. We have let communist/ anarchists be the voice in our country via the media, they even blamed USA for Cuba’s revolt because we brought them suffering, not the communist regime they live under.

The socialists in political office blame our country for an embargo which has nothing to do with these items. The embargo is there to keep pressure on Cuba to end their human rights violations and make reforms, agricultural goods and medical supplies have always been permitted.

What’s next, will they promote taking a boat or a raft from Florida to Cuba to flee America and live in their communist paradise?

Group think now REPLACES Analytical thinking. Hegel’s dialectic was at communism’s core to resolve what they saw as the problem of ‘class conflict’ and social justice. The goal of a revolution to overturn capitalism and replace it with communism. Marxism further invents the struggle between social classes. The divisions were labeled the bourgeoisie (capitalists), and the proletariat (workers). Many who disagreed understood it as making a two class system of the rich and pauper, with the elimination of the middle class.

The young Hegelians used his dialectic process to criticize what they considered to be irrational, outmoded, or repressive. Their first assault, not surprising was directed against the foundations of Christianity. *“Georg Hegel, a German occultist who conceived the mind-changing dialectic process. His diabolical philosophy fueled Karl Marx's anti-Christian fervor -- and gave Lenin and Stalin their key weapon in their war against Christianity.”*(quote from crossroad.to)

They define, then redefine the problem and offer the solution.

Even to create the conflict and then bring the solution, this is Hegel’s dialectic in action. Once you understand how this is implemented, you can identify it everywhere it is used.

The Hegelian dialectical formula: A (thesis) B (anti-thesis) equals C (synthesis). The result through the dialectic is to resolve the conflict of opposing views by coming to a new synthesis (the solution is considered a higher level of truth), which happens to always agree with their goals. Collectivism is chosen over *Individualism*, CONSENSUS (compromise). For example: If (A) my idea of freedom conflicts with (B) your idea of freedom then (C) neither of us can truly be free.

Truth is supposed to be in agreement with facts, reality. This change is done by redefining the problem to arrive at a synthesis. Which just so happens to always agree with their goals. They create the conflict and then bring the solution, this is Hegel’s dialectic in action, by employing the strategy you can arrive at a predetermined outcome.

Hegel devised a method to resolve any disagreements and control outcomes. This process is what the radical left uses to control and manipulate outcomes by the media.

Once you understand how this is implemented, you can identify it everywhere it is used.

In Marxism freedom of speech cannot be allowed to flourish or ‘the Capitalists’ might convert those listening because they can use facts and reason to persuade people instead of Hegel’s dialectic to convince people by their invalid theories. Anything you say that causes friction to their goals—is answered by ‘Capitulate or else we will cancel you!’

Major traditions like morality are being dismantled, in its place is lawlessness, masquerading as the better way; a new standard of freedom. Here is an example of the dialectic: It was so peaceful, it was the police that caused the problem when they interfered. Is that what happened? No! But now with everything being ruined in their cities and people fleeing they have an ‘aha moment’ and want the police back, duh!

How you treat the young, the unborn and the elderly show where your society is. If there is no protection or care then you know your humanity has diminished. We see this on the streets with attacks of the elderly and we saw this in care facilities during the height of Covid. Mayor Cumo who finally resigned for a far lesser accusation of being inappropriate to women does not compare to the many thousands killed in Nursing homes by his purposeful policy. They could not have this be the reason of dismissal when CA Newsom, Michigan Gov. Gretchen Whitmer and others did the same policy in Nursing homes. The unborn and the old get murdered and there is barely a sound heard...

One can see how quickly a country can be diminished or destroyed. As violent crimes of all kinds continue to escalate across the country. Over Independence Day weekend 400 were shot, 250 people killed (60% of those shot). On the day that we became a nation, agreeing all men are created equal.

Safety has become a main concern on many of our streets. *“he sets on high those who are lowly, And those who mourn are lifted to safety . He frustrates the devices of the crafty, So that their hands cannot carry out their plans.”* (Job 5:11-12)

Job knew a thing or two about safety as he was directly attacked with all the violence of the Devil and lost it all. David writes, in Ps 4:8 *“will both lie down in peace, and sleep; For You alone, O LORD, make me dwell in safety.”* If we want protection in the nation we need to seek the Lord not politicians, asking for Him for our protection, and not to have our protection lifted, for the battle is the Lords.

It’s been said, as the Church goes, so does the nation. The state of the nation has caught up with the state of the Church. Spiritual violence has been taught for a long time by false teachers. What did Jesus say about us being salt, which was their only preservative at the time *“You are the salt of the earth; but if the salt loses its flavor, how shall it be seasoned? It is then good for nothing but to be thrown out and trampled underfoot by men.”* (Matt. 5:13)

With so many false teachers steering the church we too have arrived at a new synthesis. Christianity without the Holy Word taught accurately (or even taught at all), the synthesis is ‘new revelation.’

### **The net is spread**

The so called misinformation of conservatives on Facebook’ Twitter etc. posts are to be flagged - removed, but what about the other party who spreads misinformation for their cause using social media?

Rand Paul, A doctor and US senator has been banned several times from youtube, only approved speech (agreement with the media intelligentsia is allowed. Whose next to banned? Soon everyone?

Claims of those resisting and not falling in line with their agenda are called fascists. Government departments are being politicized and used against citizens who exercise their right of free speech.

Should we expect a national police force tasked with power to control and the ability to incarcerate the “radical free speakers.”

Violence brings fear, and fear works. Revolutions always contain violence, it can stop the people who care from standing up for what is good and right. Or it eventually forces these same people to react to overcome the violence of their freedoms being threatened.

We should all want to see any contention resolved peaceably, not with a “Final Solution.”

*As Jim Hoft stated Americans have witnessed the overt attacks upon our civility, utter contempt for our historical heritage, cursing for our once-envied culture, and ruin for our thriving economy. The bulwark of our Republic's independence has been breached as the U.S. Constitution's Rule of Law has refused to be upheld by the Courts. Those who uphold fidelity to the Constitution are imprisoned while those advocating anarchy are applauded.”*

Many in America has committed democide and now are looking for an exit from a baaad choice in the election. We are trapped, we have sown the wind and are reaping the whirlwind. (Hos.8:7 should be fully read)

### **The Change in Education**

America's churches have been continually ripped apart by false teachers, and now America is openly being ripped apart by false history to produce further political division.

Over 30 school districts across 15 different states that are teaching the [radical 'anti-whiteness' book](#) according to investigator Chris Rufo. Dozens of schools have been caught exposing students to the book, “Not My Idea,” that says “whiteness” is a “contract with the devil.”

All this is straight out of the teaching of Louis Farrakhan's Black Muslim sect. It is being used to divide a country that will be led in a worse state than what brought the Civil War.

All this is coming from our higher learning institutions like [Harvard](#) and the elementary teachers (NEA) are insisting these type of books and ideas be used in their curriculum.

### **The after Election blues**

‘By hook or by crook’ certain counties went toward a certain candidate in a certain election. Then came the reaction of those who saw what took place...

Since we now learn 2+2+ 5 we can understand the (non) logic of the left. Their media troops saying Jan 6 was worse than 9/11, Pearl Harbor and the Holocaust , with no guns used by the protestors, hmmm. They never let facts get in the way of arriving at their shallow conclusions.

What really did happen on Jan.6<sup>th</sup> is no longer a mystery. It is reported by the host of “The Truth is Viral” podcast was invited on OAN and discussed his viral video that exposed two likely FBI informants who were filmed breaking windows, attacking the building, and even pushing people inside the US Capitol.

There are numerous stories of people explaining the FBI (and others) tried to recruit them to be among the people and cause the commotion. Were there unaware and naïve people who got caught up in the moment, there certainly were.

Yet; it is reported that the DC Mayor Bowser and Nancy Pelosi turned down protection from the National Guard on Jan. 6. That the FBI did not tell the Trump Administration “There Could be Situation.”

Some conclude this why so many were allowed by the police to come into the capitol, that it was a set up. Not really a surprise if we consider everything else that was done throughout his term to destroy his viability. To this day the **FBI overlooks these people** and has incarcerated others. 562 people have been [charged in the Capitol insurrection](#) including over 12% who are military, law enforcement. As yet no one has been convicted of a crime. None of the Jan. 6 protesters have been charged with treason or sedition which is constantly being thrown around in the media.

Some may agree with Jim Jordan that [It's Pelosi who needs to answer questions about Jan. 6](#), there are some very good questions that need ANSWERING.

One side is rioting the other is peaceful... The media called the protesting of communism in support of Cubans riots, but what of those that took place all summer were, they peaceful protests? Gov. Ron DeSantis's (R-FL) office [is pushing back](#) of being accused of hypocrisy by asserting he is not using his [anti-riot law](#) to halt peaceful demonstrations in the state.

The near 300 riots from Antifia and BLM participants were essentially allowed in the cities and called peaceful protests. It reminds me of what they began to say about Islam after 911-- that Islam is a peaceful religion; it means peace. They denied there were Muslim terrorists when it became apparent that there were terrorists that were in fact Islamic.

We are destroying our own people and cities by listening *and obeying* those who do not obey the laws and want to see it all burn!

### **It's all critical**

Marxist Critical theory is now critical race theory in America. CRT is not limited to college classes, in fact they want it to begin with children in kindergarten.

All this is coming from our higher learning institutions, like [Harvard](#) and the elementary teachers are insisting these books and ideas be used in their curriculum for young children.

According to the Bible If Jesus died for all humanity, than all lives matter. People can choose to NOT to believe this but as Christians *we must believe this* or we do not understand God's love toward humanity, and we are not believing or practicing what Scripture says. Yet so many

schools and churches are adopting critical race theory which is filled with inaccuracies that are intentional lies of history and our present condition.

[This father](#) stood before a public school board destroying critical race theory, that it influences students of different races to "hate each other." The repercussions are any mixed marriages would now be unacceptable, friendships would dissolve, and they call this progress!

It is other influences that are severing the country from its constitution the same is happening in the church being severed from the Word. There are those are loyal to an ideology. When you lack belief in God, you trust Government, thus government becomes their god. Leftism has become a competing force against biblical Christianity. Churches have abandoned the Bible on topics such as homosexuality and changing the identity we were born with. It was the Liberal churches that were among the first to embrace the postmodern thinking, forge religious partnerships, unification with other religions. They diminish sin and doctrine in favor for their own ideas, therefore sin cannot be identified, and neither can evil.

### **The divided states of America**

We are now aware of the corruption that is pervasive everywhere. You can expect much more aggressive action as the current resistance to tyranny is low, as people are kept in the dark of what is ACTUALLY taking place. The opposition to this are potentially to be censored. Except for a few most are not touching the real underlying issues and what is to be the outcome.

There are over 30 Soros-backed DAs in major cities in the United States. LA County District Attorney George Gascon who ended cash bail and is no longer prosecuting the crimes of trespassing, resisting arrest, prostitution, or driving without a license. Hes received [over \\$2 million from Soros](#), there are many just like this all over the country. Like DA Mike Schmidt of Portland, who's received \$ from Soros, who declined to prosecute rioters who burned the city for *months*, besieging a federal building. The Black Lives Matter movement received \$33 million in grants from Soros' Open Society Foundation, and grant-making from the Center for American Progress.

So we should understand that this revolution is being well funded by the super rich elites, it is not a bottom up grassroots revolt. All this is done in our face and they get away with it.

Are we really understanding what is happening, are we ready for what is next? Gas Prices have risen up to 40 percent in certain areas, more increases are expected throughout Summer. Grocery prices along with so many other items are rising as inflation is gaining strength (nearing 8%). A potential supply chain interference can be expected when the price of energy skyrockets along with other factors affect the food distribution.

### **All is politicized, even religion**

People often do not think logically or critically (or Biblically) but go by their feelings. If a religious person or a politician makes them feel good, that is enough for them to accept what they say. These are those who are emotionally connected to beliefs and purposely ignore common sense or a Biblical view. They are blinded by their emotion. This is why you cannot make any headway of telling them, or convincing them they are wrong.

For the most part critical thinking in the schools and Universities has vanished, it is rarely taught. Only what they hear from the professor is considered truth (this is called indoctrination, not education). They agitate instead of educate. Many classes incorporate the teacher's personal political views of the left.

*Marx is the prophet of Marxism a social religion. Nazism had the loyal Nazis' thought of Hitler and explicitly called him a redeemer of the German nation. When politics are combined with religious fever it becomes the most dangerous. This is what totalitarian dictators operate by.*

Which Marx will you accept? Karl or Groucho. It's nothing to laugh at...you may *bet your life* on it, as his cliché has become a legacy.

There are two influences in the world, and they are clashing. One is truth, the other is falsehood, one is moral the other is immoral. Is the information we receive is being reshaped by the power of technological socialism... if you don't think that can take place; it already has begun!

Two coups are taking place simultaneously in America from the deep left. One in politics the other in the Church to change its ways to the new apostolic with current prophets disseminating new revelation.

Over ten years ago I saw this totalitarianism developing and on 'the parable of judges 9' (DVD) I warned of dictators (totalitarians) coming; we are entering a time of dictators. As nations leaders exert their muscles it leads to the last dictator that Scripture has written about.

### **All hands on deck, we are being invaded**

Immigration is up 300%, 400%" according to a new report from border expert Todd Bensman, who has been charting the historic traffic of illegal immigrants since Biden took office. Besides the million that have come his report highlighted a 'record 10,000 so-called 'extracontinental' migrants" — or those not from Latin America. How can we not think there are those who are coming to our country not for the right reasons? We have already caught a number of terrorists. EX: Boston rabbi stabbed by an illegal alien Muslim from Egypt who was a known anti-Semite. We are told, well, you can think that way and express concern... A country divided like this brings us to every man for himself.

We have a secret dispersment of illegals with over 20% infected being released all over the country with no tracing. This is planned chaos.

He ran promising to be the most progressive president in U S history and has accomplished it, continuing the promise from Obama to transform America, what do you think that would look like from members of the CFR (Council of Foreign Relations, also called the invisible government by some. They began in 1921 as a non profit think tank)... [Biden](#) is friendly with the [Council on Foreign Relations](#).

Dan Smoot, former member of the FBI headquarters staff in Washington researcher of the CFR, , summarized the organization's purpose as follows: "*The ultimate aim of the COUNCIL ON FOREIGN RELATIONS... to create a ONE WORLD SOCIALIST SYSTEM and make the United States an official part of it.*" <https://thenewamerican.com/cfr-still-the-power-behind-the-throne/>

Read THIS article with a grain of salt go halfway down to see all the [CFR members on his staff](#)

In your face “policy changes” by the socialist governmental “change agents” that want to move us away from the constitution to be conformed to an international consensus, which is UN based. This is not just in America, but every sovereign country is targeted for change.

Now as Afghanistan collapses we return to pre 9/11 world. Gen. Mark Milley, the chairman of the Joint Chiefs of Staff, who thought the problem was white rage in America will now learn of Islamic rage as the terrorists revive their networks to attack US and our assets.

Some people who are in leadership politically (and spiritually) are ill equipped, mentally incapable of grasping the problem[s] so how can they have a viable solution?

### **Covid Delimma**

The world is becoming increasingly unstable because of its restrictions. Protests around vaccinations and tracking in the UK and France. Israel claims the Pfizer COVID vaccine is less effective against Delta variant though it keeps people from being seriously ill.

The difficulty in getting accurate honest reporting?

The teachers unions are hysterical and do not have the facts on their sides on wanting children to be vaccinated and wearing masks. Masks worn for long lengths of time become a petri dish and we breathe in our own toxins which can be devastating for your young children

Founder of mRNA Vaccine: [CDC Is UNDER-REPORTING and EDITING Adverse Effects of COVID Vaccines](#)

[Inventor Of mRNA Technology Warned FDA That Shots Could Be Dangerous](#)

How did we get here, apart from Fauci being Americas no.1 medical informer and current scaremonger of a virus that is actually diminishing in its spread and affect, *it was **the WHO** that painted the massive scare scenario in March, 2020 together with Dr. Neil Ferguson’s Imperial Report.*

Claims of record high coronavirus cases a week — a pace not seen since March. Yet when I go to Worldmeter, there is nothing reported like these numbers.

CDC stats: have smoking & Covid killing the same number of people in 2020. More than 480,000 deaths annually (including deaths from secondhand smoke 41,000 deaths each year That’s near Covid 19 statistics but no one has insisted on restrictions for smoking like they do Covid?

Considering all the people with the gift of healing (like Andrew Wommack), have you found anyone miraculously healed from Covid19? Did it make the news? No, not one that I can recall, and Covid19 certainly did not die in March like Mr. Copeland and others pronounced it dead. Nor did Rodney Browne have machines to diminish it. Therefore they are ALL FALSE prophets. And yet people still listen to them! This is why the church has such an insipid reputation. A

church with no discernment on what is truth is not 'The Church' Jesus has control of. The false teachers are in control.

### Where are we now?

The EudraVigilance database reports:

[Dr. Paul Craig Roberts writes](#): *"The European database of suspected drug reactions, EudraVigilance, tracks for the 27 countries of the European Union the injuries and deaths from the Covid "vaccines." As of June 19, 2021, there have been 15,472 death and 1,509,266 injuries of which 753,657 are serious injuries."*

### Here in the US

[More than 157 million](#) people in the United States have been fully vaccinated as of July 6, 2021.

We read on the government website, as of May 1, 2021, CDC transitioned from monitoring all reported vaccine breakthrough cases to focus on identifying and investigating only hospitalized or fatal cases due to any cause. CDC received reports from 48 U.S. states and territories of 5,186 patients with COVID-19 vaccine breakthrough infection who were hospitalized or died.

Who really has the corner on misinformation? [Kansas City Hospital Counters Media's False Narrative](#)

Officials in the state of Massachusetts have confirmed that [nearly 5,200 people have come down with COVID after being vaccinated](#) – 80 of those victims are dead.

[VAERS](#) is the primary government-funded system for reporting adverse vaccine reactions in the U.S. It is jointly run by the CDC and the Food and Drug Administration (FDA). The information provided is about possible side effects that occur after vaccination. This is not documentation but reports.

VAERS Data Show COVID Vaccine Injury Reports among 12- to 17-Year-Olds more than Triple in 1 Week. What are we to make of this reporting? It's been said 'where there is smoke there is fire' ... who will dig deeper to see the accuracy of the reports?

As of April 23, 2021, [VAERS](#) had also received 12,618 reports of serious adverse events. In total, 118,902 adverse event reports had been filed. From the July 2, 2021 release of [VAERS data](#): Found 9,048 cases where Vaccine targets COVID-19 (COVID19) and Patients Died. [In one day](#) the CDC Quietly Deleted 6,000 COVID Vaccine Deaths. Is there a reason for this new conclusion?

It is being reported elsewhere [Over 45,000 Americans](#) have died from COVID-19 jabs:

July 9 --9048 Deaths, 438,440 Adverse Events 26,818 Hospitalizations 7,463 Disabled 3,324 Heart Attacks 2,200 Myocarditis Reactions ,985 Miscarriages. <https://vaers.hhs.gov/>

VAERS accepts “reports of any adverse event following vaccination, even if it is not clear the vaccine caused the problem.” So there are those who say there’s no proof they were caused by the vaccine, well this can be said in the opposite way too, there’s no proof they didn’t die from it either. When people who were basically healthy die right after, something is not right.

Still others say some say doctors won’t file reports when injuries are brought to their attention because the medical system doesn’t reward these naysayers. Here’s one doctors story, Dr. Zelenko — I have many patients suffering from ‘[Vaccine Regret](#)’, there are others.

CDC had recommended that everyone 12 years of age and older get a COVID-19 vaccine as soon as they can. However the schools do not, they want those under 12 to be vaxed.

To be fair it was reported that the Measles vaccine after its first dose, an estimated 114,900 people died. However these vaccines are not the same as Measles or polio vax. Up to 40% of frontline workers in LA county refusing Covid-19 inoculation, and this is not a separate incident.

The next knock on your door may not be a Jehovah Witness but the government making sure you have got your Covid shot, whether you need it or not. 2 shots is no longer sufficient now we need 3. Since the new math is now 2+2 equals 5, why can’t 1+1 equal 3? It all becomes whatever they want it to be.

In “[Planet Lockdown](#),” Michael Yeadon, Ph.D., a life science researcher and former vice-president and chief scientist at Pfizer, pointed out the fraud being perpetrated with regard to variants. He actually refers to them as “simians,” because they’re near-identical to the original. And, as such, they pose no greater threat than the original.

We do need to be careful in all the information floating around and what we hear may not be accurate in everything presented. Yet there are some [compelling interviews](#) This [man’s testimony was stunning](#) ([this one](#) too). Some of these come with a lot of baggage that may not be true and even harmful. So we certainly need to be discerning, but I share these because of the expertise and experience of those interviewed.

### **Vote and vote again...**

Many have voters remorse, they thought this would all be fixed having Trump leave office, well the fix is in. you won’t see these posted on the majority of news sites

Of course we continue to hear that people are being prevented from voting, yet Biden had received 81 million votes to Trumps 75 million. More people voted that ever before so how can this argument actually be circulating? Many are finding out the answers, and asking were they legal votes?

Nearly 30 years ago I took a police course on “cult mentality and occult offenses.” I learned there are all kinds of cults in America- the three main ones are religious, social, and political cults. All these can bring people lies and deception in different ways.

But we can add another category to the three, a fourth, big tech. Which is now the top tier as they do the governments work. Today politics are one sided, empowered by Marxism, the worst kind of ideology for a free nation to face, which is having us collapse as a country.

From the beginning this ministry has faced opposition, we were threatened to be brought to the Hague because of our teachings on cults, others complained about our name not being biblical, Ironically not knowing it was taken from the Bible. Others tried to pit us against other ministries. We have been told not to name names and been called nearly every disgusting name possible (from professed Christians). We have been accused of false witness on the people we write on, claiming they never said any of this even though we have documentation next to the quotes from video, audio and their websites. Some people don't mind being deceived.

As far as I know few if any Jewish believers are involved in apologetics. That makes us unique. It also brings greater warfare. And we have been on the receiving end even from churches I attended as a member.

We want to thank the people that continue in support and the few churches that have stood with us. It's unfortunate that I have been rejected by the churches that I was saved in, such as Calvary Chapel, who now can't seem to discern but continue teaching as if they can.

It's obvious that there is real problem taking place and it has to do with facing reality, not reimagining it to what you want it to be but what it really is. The time of complacency is over. Time to be serious and put your faith in action. Do what you can while there is still time.

I rarely ask but we can use your support now more than ever. Our prayer needs are posted on our what's new page.

‘May you know the grace of our Lord Jesus Christ,’
